

SUNSET LAKE ROAD PAVING EXTENDED ONE DAY

The paving of Sunset Lake Road will be extended one day, to Wednesday, September 11.

Please note that one lane will always remain open for residents of Sunset Lake, school busses and emergency vehicles.

There may be some temporary delays as equipment is moved but the road will be open.

Also, I spoke to the NWR Superintendent today and bus drivers will again be informed that the road is open for them to pass and that students are to be picked up and dropped off at their normal locations today and tomorrow.
