

NOTICE - CENSUS

The Census deadline has been extended to October 31. If you have not already done so, please complete the on-line form and submit. It only takes a few minutes and so much is at stake. These results will directly impact the amount of federal funding we receive for the next 10 years. NJ lags far behind many states in the amount of federal dollars we get back in relation to the tax dollars we sent to the government, so getting counted accurately is the only way to stop that trend. Please use this link to submit your data.
