Sunday March 11 Update – Morning

It's day 10 of the outage and we still have approximately 22 homes without power. Every address we know of that is still without power has been communicated to JCP&L last night and again today. If you are one of homes still dark you should call JCP&L everyday until your power is restored.

As an fyi, if you have not already done so, set your clocks ahead one hour for Daylight Savings Time. Note that the Hardwick Township Committee meeting originally scheduled for last Wednesday, March 7, has been rescheduled for Monday, March 12 at 7pm.

We will continue to provide updates regarding restorations as that information becomes available.
